FILL YOUR CUP

The landscape is designed as a sequence of in-between spaces moments of discovery that invite pause, restoration, and reconnection.

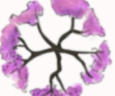

Inspired by the idea of “filling your cup,” the garden moves between openness and enclosure, dryness and water, movement and stillness. Productive planting and seasonal harvest are woven throughout the space, creating abundance while strengthening the relationship between people, food, and landscape.

Like a film negative, the design gives equal importance to what is built and what is left open, allowing the voids, edges, and transitions to shape the experience.:

PLANTING LEGEND

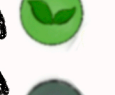

1. FRONT YARD

-  Blue elderberry
-  western redbud
-  Fox glove
-  Douglas iris
-  Western Columbine
-  Santa Barbara sedge
-  Yerba buena
-  Spearmint
-  Western sword fern
-  Venus maidenhair
-  Golden dew drop
-  Star jasmin

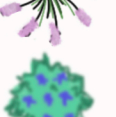

2. BACK HILL

-  Common manzanita
-  Cleveland sage
-  California buckwheat
-  California aster
-  California poppy
-  Baby blue eye

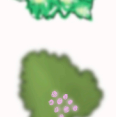

3. AROUND DECK

-  mulberry
-  Eureka lemon
-  Sweet pea
-  Basil
-  Oregano
-  Common Sage
-  Parsley
-  Chive
-  Levender
-  Breckland Thyme

4. BACK YARD RAIN GARDEN

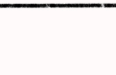

-  Black mission fig
-  Emerald artichoke
-  Shasta daisy
-  Ruby grass
-  Bachelors button
-  Albino Strawberries
-  German Chamomile

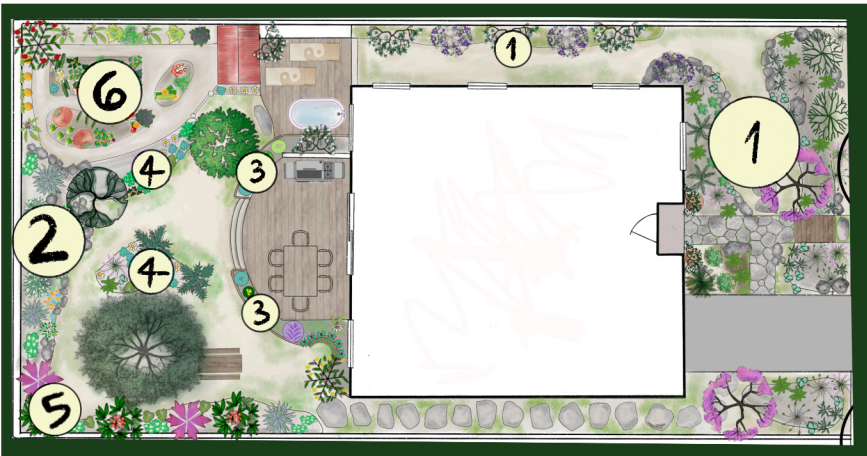

5. ALONG FENCE

-  Red flowering current
-  Toyon
-  Yarrow
-  Island alum root

Walkble grass back yard
Carex pansa - California
Trifolium variegatum- white tip clover

6. VEGETABLE GARDEN

-  Pomegranate tree
-  Passion fruit
-  Thompson Grapes
-  Tomato
-  Lettuce
-  Peppers
-  Cucumber
-  Zoccini
-  Okra
-  Ground cherry
-  Swiss Chard
-  Melons
-  Beetroot
-  Eggplant
-  Nasturtium
- Borage
- Cosmos
- Bush beans

PLANTS PALLET #1

Botanical name	Common name	Size	Water	Bloom	Comments
Durata Erecta	Golden dew drop	4-5 feet tall (trained)	M	Spring, blue-purple cluster followed by yellow berries	Berries are toxic prune per plan. Trailing along fence
Trachelospermum Jasminoides	Star jasmin	Up to 10' tall 8' wide	M	Late spring- summer small white fragrant. Flowers	Drought tolerate when established
Digitalis	Fox glove	3-4 feet tall	M	Spring , white-peach-pink shades	Biennial , self seeding , toxic
Iris Douglasiana	Douglas iris	1-2 feet tall	L-M	Spring , purple /cream peach	california native , perennial
Aquilegia canaenis	Western Columbine	1 feet tall	L-M	Spring , red flowers	california native , perennial
Carex Barbarea	Santa Barbara sedge	3-4 feet tall	M-H	Spring to early summer	california native
Sambucus cerulea	Blue elderberry	6 feet and up	M	Spring, large flat white flowers , blue-black berries in fall	california native , perennial , prune per plan , berries have high nutritional value
Circis Occidentalis	western redbud	10-15 feet tall	M	Pink flower canopy in early spring	California native , winter dormancy
Clinopodium Douglasii	Yerba buena	Ground creeping	M	Spring to summer , little white flowers	Green year round , minty-levanter fragrance
Menta Spicata	Spearmint	Ground creeping -1' tall	M	Spring , purple long hairy flowers b	Spreading fast, good culinary verity
Polystichum minimum	Western sword fern	2-5 feet tall	L-M	No flowers	California native ever green
Adiantum capillus	Venus maidenhair	1-2 feet	M	No flowers	Will go doormat if drying out

ALONG FENCE

FRONT YARD RAIN GARDEN

PLANTS PALLET #2-3

BACKYARD HILL

Botanical name	Common name	Size	Water	Bloom	Comments
Arctostaphylos manzanita	Common manzanita	6-15 feet tall	L	Winter , little pink-white flowers , red berries in early spring	California native , beautiful winter affect , attractive branch colors and shape
Salvia clevelandii	Cleveland sage	3-5 feet tall	L	Spring-summer , fragrant purple flowers	california native
Eriogonum fasciculatum	California buckwheat	4-5 feet bush	L	Summer Clusters of whit pink flowers -turns coppery when dry	California native
Corethrogyne filaginifolia	California aster	1-4 feet tall	L	Summer-winter , daisy like pink purple, white	california native , perennial
Eschscholzia California	California poppy	0.5- 1feet tall	L	spring, orange flowers	California native, annual self seeding
Nemophila menziesii	Baby blue eye	0.5 feet tall	L	Spring, light blue color	California native, annual, self seeding
Morus macroura	Afghan berry, mulberry	Large tree	L	Spring bloom , berries in summer	Extremely drouth tolerate
Citrus limon 'Eureka'	Eureka lemon	10-15 feet	M	white pink flowers , fruits year round, heavy cropt in fall	prune per plan
Lathyrus odorata	Sweet pea	Climber	M	Spring-summer white-pink purple flowers	Annual , sweet fragrant
Ocimum Basilicum	Basil	1-3 feet tall	M	Blooms late-fall summer purple flowers	Annual, culinary , regular dry season watering
Origanum vulgare	Oregano	1-2 feet tall	M	Summer -fall , white flowers	Annual, culinary , regular dry season watering
Salvia officinalis	Common Sage	1-3 feet tall	L-M	Summer , lavender blue flowers	Perennial , culinary , drouth tolerate when establish
Petroselinum crispum	Parsley	1 feet tall	M	Late summer	Annual, culinary , regular dry season watering
Allium schoenoprasum	Chive	1 feet tall	L-M	late summer - early spring , pink pompom flower	Perennial , culinary , regular watering in dry season
Lavandula angustifolia	Levender	About 3 feet	L	Late spring -late summer , lavender color	perennial , prune twice a year after flowers
Thymus serpyllum	Breckland Thyme	Ground creeping	L-M	Summer , small pink purple flowers	Perennial , evergreen

BED AROUND DECK

PLANTS PALLET #4-5

Botanical name	Common name	Size	Water	Bloom	Comments
Ficus Carina 'mission'	Black mission fig	Large tree	M	Figs ripen in summer to fall	Prune per plan when dormant (late winter)
Cynara Cardunculus 'emerald'	Emerald artichoke	4-5 feet tall	M	Artichoke will peak in spring and another harvest in fall. - if not eaten will turn to purple flower.	Artichoke will peak in spring and another harvest in fall. - if not eaten will turn to purple flower.
Leucanthemum x superb	Shasta daisy	2 feet tall	L-M	Blooms spring to summer	Fast grower
Melina Nerviglumis	Ruby grass	2-3 feet tall	L-M	Summer to fall, fluffy ruby-pink plumes	California native
Centaurea cyanus	Bachelors button	2-3 feet tall	L-M	blooms in spring , blue flowers	California native , annual self seeding
Fragaria x Ananassa	Albino Strawberries	Low to ground	M	Flower spring. Strawberries harvested June- october	Will spread and create semi ground cover
Matricaria Recutita	German Chamomile	1-2 feet tall	M	Small daisy like flowers bloom in spring-summer	Annual self seeding . Use for tea
Ribes sanguineum	Red flowering current	6-13 feet tall	L	Winter spring red ping flowers	California native , winter dormancy
Heteromeles Arbutifolia	Toyon	8'-15'	L	Summer , fragrant white little flowers, red berries in fall	California native , evergreen, prune per plan .
Achillea Millefolium	Yarrow	1-2 feet tall	L	Spring-summer	California native, perennial , beautiful when dry
Heuchera Maxima	Island alum root	1-2 feet tall	L	Winter, spring pink white airy stock flowers	California native, good oak companion , perennial , ever green

BACK YARD RAIN GARDEN

ALONG FENCE

PLANTS PALLET #6

Botanical name	Common name	Size	Water	Bloom	Comments
Punica Granatum	Pomegranate	6-10 feet tall	M	Bloom in spring pomegranate ripe in early fall	Winter dormancy , prun per plan
Genus passiflora	Passion fruit	Vine	M-H	Spring-summer fruit in summer	perennial, needs trailing , prune back in late winter/ early spring
Vitic vinifera	Thompson Grapes	Vine	M	Summer harvest	Perennial , winter dormancy, prune in winter , trailing on fence
Solanum Lycopersicum	Tomato	5 feet tall	M-H	Summer harvest	Annual, culinary , regular dry season watering
Lactuca sativa	Lettuce	6"-1'	M-H	Late spring harvest	Annual, culinary , regular dry season watering
Capsicum Annua	Peppers	1-3 feet tall	M	Summer -fall harvest	Annual, culinary , regular dry season watering
Cucumis Sativus	Cucumber	vine - needs training	M-H	late spring- summer harvest	Annual, culinary , regular dry season watering
Cucurbita Pepo	Zucchini	2 feet tall and wide	M-H	Summer harvest	Annual, culinary , regular dry season watering
Abelmoschus Esculents	Okra	2-5 feet tall	L-M	Summer harvest	Annual, culinary , regular dry season watering
Physalis	Ground cherry	Ground creeping	M-H	Summer harvest	Annual, culinary , regular dry season watering
Beta Vulgaris subsp. Cicta	Swiss Chard	1-2 feet tall	M	Harvest year round	Annual, culinary , regular dry season watering
Cucumis Melo	Melons	vine - needs training	M-H	Harvest melons In summer	Annual, culinary , regular dry season watering
Beta Vulgaris	Beetroot	Root vegetable	M-H	Spring harvest	Annual, culinary , regular dry season watering
Melongena	Eggplant	1-2 feet tall	M	Summer harvest	Annual, culinary , regular dry season watering
Tropaeolacea	Nasturtium	Ground creeping-1 feet tall	M	Flowers spring to summer , variety of warm colors	Annual , self seeding , edible flowers and leave
Borago Officinalis	Borage	3 feet tall and wide	M	Blue purple flowers in spring-summer	Annual, self seeding Attracts polinators, improve soil, Edible leaves and flowers
Phaseolus vulgaris	Bush beans	3-4 feet tall	M	bloom in spring harvest green beans in summer to fall	Annual, culinary , regular dry season watering . Trailing required

This palette for the vegetable garden is designed for spring planting. Most plants are annual and seasonal, requiring replanting throughout the year to maintain productivity and seasonal variety. The garden is regularly watered through a drip irrigation system to support healthy growth and efficient water use
